TEAMWORK & COLLABORATION

GENERAL 1

THE CHALLENGE

The other member of the Football Development Team are very busy with their own priorities, and I am struggling to get them to support the Thriving Community Club Programme

1. How can you identify the benefits of them supporting the programme through their area of work and gain their support to clubs in a targeted way?

2. What can you put in place to maintain connection amongst the Football Development team once they have delivered support so that you have progress updates?

3. Who else might influence this to happen?

4. What one piece of advice would you offer to a County FA?

TEAMWORK & COLLABORATION

GENERAL 2

THE CHALLENGE

You have asked a FA Club Consultant / Football Development colleague to support a club with a specific pillar of the Thriving Community Club framework but have not received any further information on progress or updates on contact.

1. How can you gather feedback from those out supporting the programme and what progress can be established that is simple enough for both parties to have visibility and accountability on progress?

2. What can you put in place to maintain connection amongst FA Club Consultants and the Football Development team?

3. Who else could help shape this?

4. What one piece of advice would you offer to a County FA?

TEAMWORK & COLLABORATION

BAND A 1

THE CHALLENGE

You have trouble with access to an FA Club Consultant to provide targeted support to clubs beyond their Club Development Reviews. Ideally you would like access to more FA Club Consultants, but this will take time.

1. How else could the County FA engage and support the club in the meantime? Who do you need involved to support this?

2. What plan can you put in place leading into gaining access to further FA Club Consultant support to enable them to be plugged in ASAP? What prep work can the County FA do?

3. Are there any other organisations/partners/ individuals within your network who could support you in bridging this gap?

4. What one piece of advice would you offer to a County FA?

TEAMWORK & COLLABORATION

BAND A 2

THE CHALLENGE

Some of your 2-Star club committees are stretched and not responding to the County FA's request to meet to undertake a Club Development Review.

1. As a County FA, how can you influence the clubs to recognise how this programme will strengthen their club and uplift the importance of the Club Development Review meeting with them?

2. Who else could support this?

3. What other methods could you try to use to contact them and arrange this Club Development Review meeting?

4. What one piece of advice would you offer to a County FA?

TEAMWORK & COLLABORATION

BAND B 1

THE CHALLENGE

Volunteers are stretched within our clubs, and we are struggling to get multiple committee members around the table to undertake a Club Development Review.

1. What are you doing/could you do differently to ensure the volunteers see that this is a valuable use of their time and what needs to be put in place to demonstrate the value?

2. What is the incentive for them to prioritise this over the other time they are committing to volunteering for their club?

3. How can you help the club prioritise which members it invites to join this meeting?

4. What one piece of advice would you offer to a County FA?

TEAMWORK & COLLABORATION

BAND B 2

THE CHALLENGE

County FAs are unable to gain access to information from the FA Club Consultants who undertake Club Development Reviews with National League System clubs through the NLS leagues.

1. Why is there a breakdown and how can a County FA look to gather the information they need through either the FA Club Consultant or Club Development Review itself?

2. Who else could help you gain this information? How?

3. What's the ultimate outcome you are looking for and how could you get to this point in the longer term?

4. What one piece of advice would you offer to a County FA?

TEAMWORK & COLLABORATION

BAND C 1

THE CHALLENGE

Some of your 2-Star club committees are stretched and not responding to the County FA's request to meet to undertake a Club Development Review.

1. As a County FA, how can you influence the clubs to recognise how this programme will strengthen their club and uplift the importance of the Club Development Review meeting with them?

2. Who else could support this message to your clubs? Or how else could you get this message over to your clubs?

3. What different tactics or methods could you try?

4. What one piece of advice would you offer to a County FA?

TEAMWORK & COLLABORATION

BAND C 2

THE CHALLENGE

The County FA is without a Club Lead Officer for an extended period and is struggling to support delivery of the Thriving Community Club programme without this lead officer.

1. What considerations can a County FA put in place to continue to deliver the Thriving Community Club programme during a recruitment period/extended period of absence?

2. Who needs to be around the table to help develop this continuation plan?

3. How many within the County FA can be engaged in the work across the programme to support in an absence?

4. What one piece of advice would you offer to a County FA?

TEAMWORK & COLLABORATION

BAND D 1

THE CHALLENGE

The volume of clubs we need to deliver a Club Development Review to is a challenge alongside other priorities when we have a small workforce as a County FA.

1. How will you prioritise which clubs to undertake reviews with and when, and who can you utilise within your network to deliver these reviews?

2. If a County FA member of staff is unavailable, who else could you utilise or reach out to for support?

3. What different tactics or methods could you try?

4. What one piece of advice would you offer to a County FA?

TEAMWORK & COLLABORATION

BAND D 2

THE CHALLENGE

FA Club Consultants are stretched and not necessarily available when the clubs or County FA need them after 5pm or at weekends.

1. How can you (as a County FA) adapt to provide the support needed, or what can you (as a County FA) do differently to strengthen the support available?

2. Who else could support the work needed with your clubs at these times? How could you plan availability to strengthen the support available?

3. What's the best piece of advice you would offer another County FA facing this challenge?

4. What one piece of advice would you offer to a County FA?
